HEALTHY SNACK

Fruit can definitely be considered a healthy snack that is rich in nutrients and low in calories. The average adult does not get enough servings of fruit and vegetables so including fruit as a snack will help to meet the daily requirements. For long-lasting energy, snack includes a source of protein with the fruit snacks such as a banana for dried and fried or coconut with high fiber.

FOUNDER :

BABOON BITE CO., LTD.

From the determination and interest in the food line group of the founders Who is a very experienced chef doing both domestic and international restaurants.

Moreover, founder's family have 20 years of experiences in developing and distributing agricultural production to support local farmers has also contributed a lot in their journey of success.

Resulting in the factory's readiness in fulfilling all production services of snacks with premium quality and standard, available for interested entrepreneurs. In 2015, the SME company was established to produce different types of snack products that are beneficial to health. By focusing on products made from fruit as the main raw material.

From both experienced chefs from many countries and the experience of Thai desserts factory from the family, allowing us to strive and to develop products that consumers and markets need.

That is why our chips go through dedicated studies, experiments and development since the very first process. Only fruit from the best quality breeds are selected from Thai agriculturists to cook in a well-thought-out process.

The company has the objective of operating the business of producing as a manufacture and selling products to trader and distributor in Thailand and abroad. The company has its own production plant that can produce products and develop products to meet the needs of customers. And the company has many qualified personnel and quality teams in both the development (RD) and production system.

Our company is responsible for producing healthy snack products for business partners. Which we decided to share our snack to the international market under our customer company brand.

In addition to provide the products under our company brand. Baboon Bite, It is also trusted by leading international partners to produce various types of snack under the brand of the customer to sell both at their country or abroad.

-COMPANY- VISION

"In order to meet the needs of customers under the excellent quality and delivery of honest and punctual products"

MISSION statement

1. Customers are satisfied with products and services and rewards that have been friendly and beneficial to the surrounding society.
2. Focus on using the best quality Thai fruits for snack production.
3. Focus on purchasing raw materials directly from farmers and providing fair prices.
4. Want people to have more choices in eating snacks that are more beneficial to health.
5. Make people around the world aware of the fruits that come in the form of snacks and have health benefits.
6. Adhering to the quality of products More than making a profit.
7. Because we have expertise in production. Therefore focus on being a private label factory for entrepreneurs.

COMPANY POLICIES

To be a comprehensive service provider In the production of fruit processing products.

To become an exporter of Thai fruit snacks to international markets.

To continuously improve work processes which will increase the competitiveness of the company.

To develop the company's personnel to return benefits to the community and protect the environment.

PRODUCT DETAIL

Homthong Banana | 01/03

BANANA CHIP (ORIGINAL)

This product uses the main raw material as a genuine golden banana that is rich in nutrients.

From selected farms which has a natural and planting process without chemical use. Which makes the product smell the best of bananas. The original taste is a little sweet, thin and crispy. Due to the frying and oil elimination procedures we invented, we have products that contain less than 3% of oil. In order to get some golden bananas that have health benefits And have a variety of flavors to taste.

This product has been sent and confirmed by Central Lab Thailand that the product contains less than 1 calorie from the fat (serving size). Most of the main calories from this product are bananas.

(Product weight 33 grams)

BANANA CHIP (SRIRACHA)

This product is a taste that the brand has developed from searching for roasted and grounded Sriracha peppers.

Making the taste of chili, delicious, flavored together with authentic spices to give consumers the best sense of smell, spices and spicy.

(Product weight 33 grams)

PRODUCT DETAIL

Homthong Banana
Lung-Lean Coconut 02/03

BANANA CHIP (SALTED EGG)

The product is a genuine golden banana, salted egg flavor. This taste arose from the founder who has their home town is in Surat Thani, In 2018 provincial municipality needs us to cooperation in the production of products that use the local ingredient.

The best local ingredient of Surat Thani is "Chaiya Salted Egg"

Therefore we began to develop using 100% real salted eggs, in the development of this product in order to help increase income for farmers in another way

The taste of our products is unique by using both spices and curry leaves to blend with our recipes, resulting in the product is what we are proud of.

COCONUT CHIP (ORIGINAL)

Our crispy coconut is made from 100% freshly selected coconut meat. Produced as crispy coconut by cooked in low temperature heat drying baked until the coconut has a golden yellow color. Use 100% natural ingredients without artificial colour or any preservatives.

Thus, the product maintaining the natural nutritional value, flavor and aroma of real coconut and have natural benefits in this snacks that are suitable for people who love healthy product. Most calories from our products come from fruit raw materials.

And all fruits are also a source of vitamins, dietary fiber that helps strengthen the bowel function and excretory system

PRODUCT DETAIL

Taro
Sweet Purple Potato 03/03

SWEET PURPLE POTATO CHIP (ORIGINAL)

This product is a sweet purple crisp with original flavor. It is a slightly come with salty flavor but does not drown out the smell of the main material, the sweet purple potato is has sweetness taste inside. This product produced a natural sweet taste of sweet purple potato and seasoning a bit with sea salt.

We will focus on the selection of raw materials that are the best grade to be processed, instead of using the factory grade products. Because we are committed to create the best for consumers. Therefore, selecting the farmer that produce with nature care in order to get the sweet taste of the natural taste.

TARO CHIP (ORIGINAL)

This product selects the main raw material from taro and slides about 1 mm to get a thin and crisp product.

This recipe uses less sweet flavoring for health and to enhance the main ingredients. And the smell of taro still has a more pleasant aroma

Raw materials that are carefully selected for good taste and is also rich in benefits such as vitamins, fiber and helps to nourish bones and teeth which because of the high calcium in taro.
